

ANIL KUMAR DESAI

Nagadevanahalli, Bengaluru-560056 — 📞 +91 9108124418 — ✉ anilkumardesai18@gmail.com

Career Objective

A tech enthusiast skilled in AI-powered web development, data analytics with SQL, and executing web, CV, and IoT projects. A disciplined leader (NCC certified) and hands-on problem-solver, currently advancing skills with Google AI and Prompt Engineering training.

Education

Don Bosco Institute Bengaluru	B.E (Computer Science and Engineering) CGPA: 7.8	2026
Sainik School Kodagu	XII - CBSE Percentage: 61.4%	2022
Sainik School Kodagu	X - CBSE Percentage: 67.4%	2020

Experience

- **Full Stack Development** *Freelancing*
Developed a fully functional full-stack web application with integrated admin support, delivering scalable and secure solutions. Gained hands-on expertise in end-to-end web development, from responsive front-end design to optimized back-end integration.

Technical Skills

- **Programming Languages:** Python, Kotlin, Html, CSS, JS
- **Technologies:** Gen AI, APIs, Jetpack compose, Firebase, Google cloud, Node.js, React native, Express, Tailwind
- **Database & Tools:** SQL, PSQL, Supabase, Render, VS Code, Antigravity, Android Studio
- **AI Driven:** Web Development, APP Development
- **Operating Systems:** Windows, Linux, Raspberry Pi
- **Gen AI:** Google AI API, Prompt Engineering, AI tools

Projects

- **PDT – Personal Digital Twin Health & Fitness App** *Freelancing Project*
Developed an AI-powered health tracking application with activity recognition, wearable integration, heart rate monitoring, Health Connect support, outdoor GPS tracking, and personalized fitness insights.
- **Nalla-Nudi** *Internship Project*
Nalla-Nudi is a "Bridge-Dictionary for Technical Terms." It is designed for the transition phase. A student can search for a scientific or mathematical term in English and get a clear, contextual explanation in simple Kannada, along with a pronunciation guide. It is a confidence-builder app for rural students.
- **ADmyBRAND Insights Dashboard** *Personal Project*
Developed a full-stack analytics dashboard for marketing agencies using Next.js, React, and TypeScript. The platform features real-time interactive charts, advanced data tables with filtering/sorting, and a complete authentication system. Built with a fully responsive, mobile-first design including dark/light modes and animations.

Internship

- **MindMatrix** – Android App Development using Generative AI Intern. Worked on AI-powered Android applications, API integration, prompt engineering, and offline database management.

Training & Certifications

- **Apna College** - AI/ML Training (Ongoing)
- Data Analytics: SQL, Excel, Python by Tutedude
- AI Essentials and Prompt Engineering

Skills

- **Technical:** API Integration, Data Analytics
- **Soft Skills:** Time Management, Problem Solving, Team Management, Adaptability, Analytical mindset, Multitasking

Co-curricular

- NCC Certification (A, B, C)
- Technical Analysis
