

ANIL KUMAR DESAI

Nagadevanahalli, Bengaluru-560056 — 📞 +91 9108124418 — ✉️ anilkumardesai18@gmail.com

Career Objective

A tech enthusiast skilled in AI-powered web development, data analytics with SQL, and executing web, CV, and IoT projects. A disciplined leader (NCC certified) and hands-on problem-solver, currently advancing skills with Google AI and Prompt Engineering training.

Education

Don Bosco Institute Bengaluru	B.E (Computer Science and Engineering) CGPA: 7.6	2026
Sainik School Kodagu	XII - CBSE Percentage: 61.4%	2022
Sainik School Kodagu	X - CBSE Percentage: 67.4%	2020

Technical Skills

- **Programming Languages:** Python
- **Technologies:** Gen AI, APIs
- **Database & Tools:** SQL, VS Code
- **AI Driven:** Web Development, API Integration
- **Operating Systems:** Windows, Linux, Raspberry Pi
- **Gen AI:** Google AI API, Prompt Engineering

Projects

- **Smart Object Awareness for Visually Impaired** *Academic Project*
An assistive technology device built on a Raspberry Pi that uses OpenCV to capture, identify, and audibly describe real-world objects, enhancing environmental awareness and navigation for visually impaired individuals.
- **AI Prompt Analyzer** *Personal Project*
Developed a full-stack web application that analyzes AI instructions to help users write better prompts. The tool provides scores and detailed feedback on the prompt's clarity and structure by securely using the Google AI API via a Node.js backend.
- **ADmyBRAND Insights Dashboard** *Personal Project*
Developed a full-stack analytics dashboard for marketing agencies using Next.js, React, and TypeScript. The platform features real-time interactive charts, advanced data tables with filtering/sorting, and a complete authentication system. Built with a fully responsive, mobile-first design including dark/light modes and animations.

Training & Certifications

- **Apna College** - AI/ML Training (Ongoing)
- Data Analytics: SQL, Excel, Python by Tutedude
- AI Essentials and Prompt Engineering
- Android App Development (MindMatrix)
- Deloitte Australia Data Analytics Certificate

Skills

- **Technical:** Object-Oriented Programming, API Integration, Data Analytics
- **Soft Skills:** Time Management, Problem Solving, Team Management, Adaptability, Analytical mindset, Multitasking

Co-curricular

- NCC Certification (A, B, C)
- Technical Analysis
